Dear Brother

I received your letter I was glad to hear from you I am well as usual and hope these few lines will find you all the same. George I think I got that letter you spoke about. I got one you had written on the 3rd of July it had old Jeff Hung I think I forgot to answer that you see there was a big excitement here at that time and I think I forgot to answer it I mind of getting one of Mother before we left the City. I did not answer it till we got back from the raid. Yesterday it rained most all day but for all that we had a general Inspection we have had

some fine showers this three or four days past every thing looks well to what they did before the rain. so you are under the weather are you well I am sorry to hear it but you must take care however for these are sickly times every where. I hope friend Sim wont be sick for he must keep moving or he will get to fat and Lazy Jim. Kapsen I suppose has been there before this time. ask Bill if that was one of old Sharpless Specks that he made if it was he had better look out how he makes them kind of specks or Sam afraid he wont make much. but I suppose them 250, that he made out of Pockets was all cash or did you say some either way other man made it all the same
