HOMECOMING DAY PROGRAM PLANNED

Experiment In "Alumni Education" Will Be Feature.

Plans for Allegheny's "Homecoming Day," Saturday, October 28, are now well under way. A definite program is being arranged and printed; copies of these programs will soon be in the mail.

Last year was Allegheny's first attempt to put across a new experiment in "alumni education." The plan was completed with great success, drawing record crowds of graduates, students, and townspeople, attracted to each number of the well planned program, featuring many prominent alumni.

Dean Gilbert Wilcox Mead, '11; Ida M. Tarbell, '80; Andrew W. Robertson, '06; and C. Ray Hanson, former prosecutor of the City of Chicago; were among the feature speakers of last year's successful program.

Although the speakers for this year's event have not been definitely announced as yet, a tentative program follows:

Saturday, Oct. 28

8:00 Open class attendance for all alumni.

10:00 Meeting of the Board of Trustees in Bentley Hall.

11:00 Home-Coming Alumni Address, Ford Memorial Chapel.

12:00 Home-Coming Luncheon, Hulings Hall.

2:00 Home-Coming Football Game: ALLEGHENY VS. MARIETTA. Montgomery Field.

3:30 "After the Game" Tea for all women, Hulings Hall.

When Alfred University inaugurates Dr. Paul Emerson Titworth as her new president on Friday, October 20, Prof. O. P. Akers will be present to represent Allegheny.

At the inauguration of Dr. G. W. Mead, '11, as president of Washington College, Chestertown, Maryland, on Saturday, October 21, Prof. C. F. Ross will be present.

DER DEUTSCHE VEREIN TO MEET OCTOBER 24

Der Deutsche Verein will hold its first meeting of the new year on Tuesday evening, October 24, at eight o'clock, in the living-room of Cochran Hall. New members will be initiated, and all old members are expected to be present.

RUSSIAN CHOIR VOICES TRAINED TO GIVE SYMPHONIC EFFECT

Kibalchich Directs Singers Who Appear Here Monday Evening.

Patrons of the College-Community Lecture-Concert Course who expect to hear a program of standard choral music, are due to be pleasantly surprised when the Russian Symphonic Choir appears at Ford Chapel at 8:15 on October 23.

Basile Kibalchich, the director of the choir, has built up the choir, not along the ordinary lines of an ensemble of voices, but on the principle of a symphonic orchestra. He identified the different voices with the different instruments of an orchestra, and when it came to arranging certain music for the use of the choir, he orchestrated it, rather than adapted it vocally.

This original treatment has produced one of the finest choirs in the world—a choir that is truly symphonic, and is capable of rendering symphonic music, scored for instruments, as well as purely vocal music. This permits an unique variety in the programs of the choir.

The Russian Symphonic Choir and its director, Mr. Kibalchich, have a musical history of illustrious achievement behind them. Mr. Kibalchich, born in Tchernigoff, Southern Russia, in a region rich in folk-lore, folk songs, and choral singing, showed musical talent at an early age, and when only twelve led a large vocal choir.

Later the promising director studied in the class of Rimsky-Korsakoff. After a career as director of choirs in Petrograd, Geneva, and Paris, he organized the Symphonic Choir. The personnel of the choir has remained unchanged since the organization, sixteen years ago.

For the past nine seasons Mr. Kibalchich has devoted himself almost exclusively to directing the fortunes of the Russian Symphonic Choir in America, with an occasional absence in Europe, where he is greatly in demand as guest conductor for choirs. Two summers ago he conducted the Prague Choir of forty voices in a festival held in that city, making the journey from the United States to Czecho-Slovakia for that purpose only.

The Symphonic Choir appears as the first number of the 1933 Lecture-Concert Course. The remaining numbers of the course will be announced the evening of the choir's appearance. Student tickets at $1.50 may still be obtained from Professor Luvaas or the students whose names were published in last week's Campus. Those desiring to subscribe to the course are reminded that no tickets may be purchased after Monday evening, and no tickets will be sold for individual numbers.

Dr. G. W. Mead, '11, Made President Of Washington College

Gilbert Wilcox Mead, an Allegheny graduate of the class of 1911, formerly dean and professor of English at Birmingham-Southern College, is to be inaugurated President of Washington College, at Chestertown, Maryland, on October 21.

President Franklin D. Roosevelt will be the guest of honor at the inauguration, and will receive an honorary degree.

President Mead, who now heads the Eastern Shore College, is a native of Pittsburgh, a Columbia University graduate, and an experienced educator and writer.

Dr. Mead will be remembered for his work here last year, when he successfully opened Allegheny's Alumni Week program, and for his ability to continue to hold the spotlight during the remaining events of the program.

Allegheny's representative at the inauguration will probably be Prof. C. F. Ross, as President Tolley will be at the Dickinson Sesquicentennial celebration.

JOE HARRE ORGANIZES COLLEGE TRAVEL BUREAU

An unusual accommodation in the form of a travel bureau is a recent innovation at the College book store. There is no charge for the use of this bureau. "Book store service!" says Joe Harre, the manager.

On the outside of the store door, is a cardboard on which persons wishing rides and those who have unfilled places in cars may place their names and the time and destination of the proposed trips. In this way, people going to the same place can get together and make expenses more reasonable for both parties concerned.

College Represented At Titusville High Teachers' Conclave

Allegheny College was well represented at the Convention of the Northwestern District of the Pennsylvania State Teachers Association, which was held in the Colestock High School at Titusville on Friday and Saturday, October 13 and 14.

On Friday evening, Miss Ida M. Tarbell, '80, author and lecturer, addressed the conclave on "Beginning at Home".

At the Rural Section on Saturday morning, G. A. Stetson, superintendent of Titusville schools and Allegheny graduate of '19, presided at a lecture on Russia by Julian Bryan, writer and speaker.

In the various department meetings held Saturday morning, Coach H. P. Way addressed the health and physical education section on "Weaknesses of College Freshmen in Physical Education." Prof. C. F. Ross spoke to the Latin forum on "Concreteness in Teaching". Prof. Guy E. Buckingham talked before the mathematics group on "Beginning Algebra." "Developing a High School Chorus" was the topic of Prof. Morten J. Luvaas at the music session.

Miss Pauline Eiler, '32, was secretary of the modern languages unit; Miss Virginia Sigandall, '30, of the arithmetic division; and Miss Lillian Newcomb, '27, of the elementary languages. Mrs. Lottie Schermerhorn, '13, was vice chairman of the English session.

In the social studies meeting, Miss Phoebe L. Finley, '22 ,read a paper "Adaption of the Unit System to Local Needs."

Delts Accept Council Terms; Are Reinstated

The deadlock between Delta Tau Delta and the Interfraternity Council, which had existed for over a week, was broken at a meeting of the council held in the Alpha Chi Rho house last Wednesday evening.

Although still maintaining their innocence of the charge of illegal rushing brought against them by the other fraternities, the Delts have agreed to comply with the ruling of the interfraternity council and accept the penalty provided, the loss of social privileges for the year and the right to pledge during the first semester. As a result of this decision, pins have been recalled from nine Delt pledges.

JOHNSON ISSUES CALL FOR KALDRON STAFF

Kenneth Johnson, editor of the Kaldron, the college year book, has issued a call for competitors for the various departments of the year book.

A meeting will be held next Thursday afternoon in Professor Anderson's office.

Competitors for the business staff of the Kaldron are to call Milt Maloney, telephone 585W.

AWARD HONORS TO 35 ON SCHOLARSHIP DAY

Dorothy Day, Virginia Miller Elected to Phi Beta Kappa.

Scholarship received recognition in the chapel program on Friday. Two students were elected to Phi Beta Kappa, five were elected to Phi Sigma Iota, honorary romance language fraternity, and 31 persons received class honors.

Miss Virginia Jane Miller and Miss Dorothy Day were the two senior girls elected to Phi Beta Kappa. For the honor of being elected to the fraternity at the beginning of their senior year, they had to maintain an averege of "A" during their three previous years.

The five students to receive membership in Phi Sigma Iota, honorary romance language fraternity, were the Misses Ruth Crawford, '35; Catherine Garst Miller, '35; Lois Starke, '34; Jean Tiffany, '35; and Margaret VanAken, '35. These students will be initiated this evening at a meeting at the home of Professor Church.

Phi Delta Theta became the permanent possessor of the Omicron Delta Kappa cup for scholarship as a reward for winning it three times. Arthur Crawford presented the cup to Paul Grant, the president of Phi Delta Theta.

Attorney Leo H. McKay, '16, of Sharon, was speaker for the scholarship day event. Mr. McKay, who was a member of Phi Beta Kappa during his career at Allegheny, summarized in his talk the three dangers which beset the student: (1) the danger of narrowness; (2) the danger of being easily distracted into outside activities; and (3) the danger of stagnation.

First Honors.

Students who received first honors in their respective classes for maintaining an average of "A" with no grade lower than "B" during the 1932-33 school year are listed below:

BIG YEAR IS PREDICTED FOR ALLEGHENY SINGERS

Supplementary Singers Are Organized to Develop New Material.

The Allegheny Singers, under the direction of Professor Luvaas, made their first appearance of the season in chapel Monday. The Singers will appear regularly every Monday and Wednesday as a feature of the chapel programs.

Professor Luvaas is very optimistic over the prospects for the singers this year. When questioned concerning the outlook, he said:

"The prospects for the Singers are far better than they have ever been before. The quality of material is very acceptable, and the interest and enthusiasm shown is commendable. Everything looks forward to a fine singing group."

As an innovation in the music department, Professor Luvaas has organized a supplementary singing group which meets every Tuesday, Wednesday, and Thursday afternoon at 4:30 p. m. in the oratory of the chapel.

Professor Luvaas has suggested that all students who desire to sing with the Allegheny Singers next year should attend these singing groups. It is his plan to select the members of the Singers in the future from those who have received experience in the newly-organized group.

College Orchestra

Rehearsals for the college orchestra are being held each Tuesday and Thursday in Ford Memorial Chapel under the direction of Major Olmes, of Titusville. All students who play musical instruments and are interested in playing in the orchestra, but have not yet reported, are requested to attend the rehearsal tomorrow evening.

ALLEGHENY SINGERS

Persons who have contact with the Allegheny Singers cannot help being impressed by the fine spirit, the friendliness, and the conscientious industry which they display in their choir work. To say that the Singers are a pride and joy to Allegheny is not being especially original. They are generally recognized as being a group of outstanding value to the college in (1) making college friendships and establishing good fellowship beyond the individual participant's fraternity circle; (2) affording the students who sing keen enjoyment of a cultural kind; (3) furnishing excellent entertainment for college functions, especially as the redeeming part of a dull chapel service; (4) spreading college publicity of the best type on their annual tours.

One of the regrettable features of the Singers in the past, has been the necessity to turn away many students seeking places in the choir because the limited roster of 60 was three-fourths filled with veterans, leaving only about 15 places for the 50 or 60 new applicants. When that situation arose this year, Prof. Lůvaas decided to organize a supplementary singers' group to enable these inexperienced try-outs to gain experience and help and to enjoy the opportunity to do choir work. This makes it possible for all those interested in singing to participate and serves as a sort of preparatory school for the Allegheny Singers.

The innovation should be as successful as it is progressive.

GERMAN EXILES TEACH IN U. S. A.

NEW YORK—(IP)—At least eighteen of the many liberal-minded German university professors exiled by the Hitler government are to teach this year in the United States.

Three of them—Prof. Otto Stern, experimental physicist; Prof. I. Estermann, his assistant, and Prof. Ernst Berl, chemist—are to join the faculty of the Carnegie Institute of Technology at Pittsburgh, where they will divide their time between teaching and research.

Fifteen others will become members of the faculty of the University in Exile of the New School of Social Research, to be opened October 1, at Princeton, N. J.

The New School of Social Research, planned to open this year by Dr. Alvin Johnson as an experiment in higher education without athletics and other extra-curricular activities, last year had signed up Dr. Albert Einstein, famed German scientist, as its first and outstanding member.

The new institution's University in Exile was planned this summer when it became evident that a large number of distinguished German educators "furloughed" by Hitler would be available and could be banded together in one of the most distinguished faculties a scholarly student could hope to study under.

Dr. Johnson asserted that "the University in Exile is not a charitable venture," inasmuch as all of the fifteen could have obtained positions elsewhere, nearly every one having had offers of chairs in universities outside Germany.

MISS AGNES PAINTER VISITING WORLD'S FAIR

Miss Agnes Painter, assistant librarian, left recently on a trip to the World's Fair. While in Chicago, she will attend the national conference of the American Library Association which is held every two years.

SIX PROFESSORS WRITE TEXTS DURING SUMMER

Five Allegheny professors spent most of their summer working on new text books which have recently been published.

Professors Lee McClean and Irwin R. Beiler published syllabuses for new courses in their respective departments: economics and religion.

Prof. L. Guy Buckingham, of the psychology and education department, completed his book "Diagnostic and Remedial Teaching in First Year Algebra", in which he shows how as high as 33 per cent of the common errors which students make can be removed by careful teaching methods.

Prof. S. S. Swartley, of the English department, is the author of a new handbook of composition entitled "Aids to Good English".

"Practical Speaking", the book written by English professor Hurst Anderson for his Speech I course last year, has been revised and rebound.

Professor Lee published the revised edition of his book "Man, the Universe Builder" for the Science Survey course.

NEW BOOKS AVAILABLE FOR DRAMATICS COURSES

Many books, some beautifully illustrated, concerning the theaters and period costumes have been received by the Reis Library for the use of students taking dramatics courses.

Among the additions are two French folios of unusual interest, one depicting costumes from the period of Henry III, and the other a history of women's costumes during the last 2,000 years. The library was fortunate to secure a copy of "The Russian Theater" edited by Fulop-Miller and Gregor. This volume is one of a special edition of 650 and tells the character and history of the Russian theater. Another volume on the Russian theater is entitled "The Russian Theatrical Costumes" and is profusely illustrated. Three of the new books describe the layout and plans of various American theaters: "American Theaters of Today" by Saxton and Betts, "Modern Picture Houses and Theaters" by Shand, and "Theaters" by Urban. The new "Short History of the American Drama" by Mayorga deals with the American drama from pre-revolutionary times to the present day, "The Art of Makeup" by Helena Chalmers gives information helpful in make-up. There are also two books by Brown discussing the latest trends in stage movements and good expression: "Cp-stage" and "Modern Theater in Revolt".

Gordon Craig, acknowledged to be one of the leading men in the theatrical world and leader of "The New Theater Movement", is the author of "Scene", also newly acquired. The book stresses the need for more art and beauty in drama.

GEOLOGY DEP'T. GETS STONE-CUTTING TOOLS

New laboratory equipment is now available to geology students. The features of this equipment are a saw, toothed with diamond dust, that will cut rocks, and a polishing disk that can put a glass-like surface on the rock specimens.

This equipment will aid materially in building up the Allegheny museum collection of rock specimens. Students will be able to grind sections of fossils for microscopic examination and identification. Photomicrography can then make permanent records of these sections for study and reference.

During the preparation of the speeches, each entry will withdraw to a room containing nothing but writing materials. No reading or other research work may be done after the specific topics are announced.

Sanford Corcoran, by winning first place last year with his talk on "The New Kaldron Policy" presented to Phi Delta Theta, as a permanent possession, the silver loving cup awarded each year by Delta Sigma Rho. It was their third victory since the contest was inaugurated. Previous triumphs had been scored for Phi Delta Theta by Robert Rutherford in 1927, and by L. Bramer Carlson in 1931.

The women's contest last year was won by Miss Lois tarke, speaking for Alpha Xi Delta.

During the two previous years of competition, Alpha Chi Omega, represented in 1930 by Miss Adele Ely, and in 1931 by Miss Dorothy Holsinger, had carried off first honors. Since the silver loving cup must be won three years before it becomes a permanent possession, competition for this year's contest promises to be keen.

Intramural Sports Program Opens

DELTS AND SIGS WIN FOOTBALL OPENERS

B. K.'s and Chi Rho's Drop Initial Contests.

Fans who expected to see high scores piled up with the inauguration of touch-football in the intramural program were greatly surprised at the outcomes of the opening games. Only five touchdowns were scored in the first three games.

In the first scheduled game the Sigs downed Beta Kappa by a 2-0 score. On Friday Alpha Chi Rho dropped its first to Delta Tau Delta, 2-0, while the game scheduled for Saturday, that between the Phi Delts and Phi Gams was cancelled and moved further down the schedule. Then on Monday afternoon the Delts scored their second victory by defeating the B. K's. 18-12.

The winning points of both the Sig-B. K., and the Chi Rho-Delt games came in extra periods. The Sigs grabbed their two markers when they kicked off to Beta Kappa and then tabbed a B. K. behind his own goal line. In the Chi Rho-Delt game, the extra period ended with no score for either side, but the ball being in the Delt's possession in Alpha Chi Rho territory automatically gave the Delts two points for victory.

In the Delt-B. K. game the Delts received the opening kick-off and by some very clever passing, took a 6-0 lead. The B. K's retaliated and tied the score at 6-6. The half ended with another deadlock at 12-12. The final score came in the third quarter, when the Delts scored on a long pass, Smith to Sternthal.

Gators To Meet Veteran Eleven At Dickinson

Next Saturday the Blue and Gold gridiron squad invades the Dickinson campus to test the strength of a college which will be celebrating its 150th birthday.

Dickinson has a veteran team on hand this season, and has battled to two ties in its last two appearances on the field, Ursinus playing them to a 7-7 tie last Saturday.

The following Saturday finds the 'Gators meeting a team from Marietta College on Allegheny's Homecoming Day, the 28th of October. Marietta dropped one last week, 13-7, to Otterbein, another Ohio school.

Coaches Way and Daniels visited Wooster last Saturday and viewed the Oberlin-Wooster game, which Oberlin lost, 6-0. Allegheny meets Oberlin at Oberlin on November 4.

COLLEGE FRAT BOYS TROUBLE NEIGHBORS

BEREA, Ohio—The courts have been called on to decide a dispute between Mr. and Mrs. Irwin Payton and the members of Phi Kappa Phi fraternity at Baldwin-Wallace College, whose fraternity house is next to the Payton residence.

The Paytons brought suit to restrain the fraternity men from using their year-and-a-half-old, $30,000 fraternity house because, it was alleged, the fraternity men made too much noise and always kept the window to their shower room open.

Henry Zachman, fraternity president, admitted some noise was made, but "not anywhere near as much as the Payton's claim," and said that after the next door neighbors had complained, the shower room window had been closed and kept closed.

Col. Lewis Walker, D. B. A., Allegheny alumnus of '77 and Allegheny Trustee, left Meadville recently for Santa Barbara, California. From his stopover there at the Hotel Miraman, he will continue to Tucson, Arizona, where he will stay at the Arizona Inn.

PHI PSI GOLFERS LOSE TO PHI GAM PLAYERS

Ralston and Utley Defeat Kiebort, DeArment.

In a close and hard-fought contest, the golf team of Phi Gamma Delta, composed of Jack Utley and "Tut" Ralston, defeated the Phi Kappa Psi golfers, Kiebort and DeArment, in the finals of the first Allegheny intramural golf tournament.

The outcome of the match was in the balance until the finish of the eighteenth hole which was halved, giving the Phi Gams a 2 up lead for the round.

The first nine holes of the finals were featured by outstanding play on the part of Fred Kiebort, who took a 39, giving the Phi Psi's a 1 up lead at this point. However, the turn of the contest came at the twelfth hole when both Utley and Ralston took par 3's to give the Phi Gams 2 points. Five additional points were gained by Ralston and Utley in the next three holes and they defended their slight margin throughout the remainder of the match.

In the preliminary matches, the Phi Psi team, Kiebort and DeArment, beat the Independents' entrants, Hawkins and Zurio, on the eleventh hole with 20 points. Beta Kappa, Lester Wolfe and Ken Leadbeater, won from Delta Tau Delta, Ray Sternthal and Harry Millikan, by a forfeit, and then on Sunday the Phi Psis eliminated the Beta Kappas 14 up and six to go.

In the match between Alpha Chi Rho, Milt Maloney and Bob Salmon, and Sigma Alpha Epsilon, Jim Rufner and San Clark, Sigma Alpha Epsilon won seven up and four to go. Phi Gamma Delta, Tut Ralston and Jack Utley, defeated Phi Delta Theta, Art Vangeli and Bob Sowers, seven up and six to go. In the match of the Sigs and Phi Gams, which was finished Monday, the Phi Gams came through with a 3 up, 1 to go victory. The results of these matches placed the Phi Psis and Phi Gams in the final bracket, with two wins and no losses to their credit.

SOUND EFFECTS DE LUXE IN FRESHMAN LIT CLASS

Professor Swartley has added "sound effects" to his lectures on "Images in Literature" to aid freshman imaginations.

In illustrating the meaning of the word "concept", Prof. Swartley was describing the approach of a train as seen from a station platform—somehow, a train seems to be a favorite illustration for English description: "a speck of black in the distance, a wisp of smoke drifting lazily above it, and the faint echo of its whistle."

"You students", he continued, "would probably say, 'Here comes a train'."

At this point he was interrupted by a sudden loud shrill whistle. The freshmen sat open-mouthed, wondering what queer trick their busy imagination was playing on them. Were they in a railroad station, or in English I?

Then some kind soul put them at their ease with "It's only the radiator."

Work or Play?

Tiny minds seldom fail to find things for tiny hands to do. Coming up North Main Street last Saturday, were two tots of not quite kindergarten age, tugging a coaster wagon loaded with handbills. The youngsters were industriously collecting the handbills from all the front porches in the block and loading them on their "truck". They registered deep disappointment when they found a place where the housewife had already taken the bills inside.

Beta Kappa Dance Honors Pledges.

Sorority Rushing In Full Swing; Rules Announced

Active rushing among the girl's sororities began at 7 o'clock Monday morning and will continue until noon Monday, October 23, when formal bids are made. Pledging and pledge dinners will take place sometime Monday afternoon and evening.

The rules for rushing as published in the Pan-Hellenic bulletin include: Each fraternity is allowed but one engagement a week with a new girl; no fraternity woman is permitted to motor with a new girl; no refreshments shall be served at rushing parties; fraternity members are not allowed to walk either on or off the campus with the new girls; no money is to be spent on the girls, except for the rushing party; no fraternity girl may call on a town freshman more than once during the week; silent week-end begins Saturday, October 21, at 6:00, and continues until noon, October 23.

Each chapter is responsible for the actives and alumnae and pledges to see that all know the rules clearly. Penalties for violations forbid the entire chapter from communication with the rushee from a period of three to five days depending on the seriousness of the offense.

These rules were made and are enforced by the local chapter of the Pan-Hellenic association, whose membership is made up of two members and an alumna from each of the seven sororities.
