New York City

Dear Miss Tarbell -

We have your gracious letter of January confirming your willingness to give to the Center your very large collection of notes on the history of the activities of women from the birth of the nation up to and including the Civil War.

We hesitate in asking you to make another statement on this point. But in order that an official record may be at hand, the Board has prepared an Archives Collection Form which it is sending to each one who has indicated a desire to place their records with us.

Mrs. Mary Beard has asked me to send you the enclosed Form so that your signed pledge of your fine collection may be included in the growing list of our contributors.

With sincere appreciation,

Marjorie White
