PROFESSOR ANDERSON COMPLETES DEBATING SCHEDULE FOR YEAR

Eleven Debates Scheduled for Varsity; Will Tour the East.

A schedule for the debating team of Allegheny College has finally been completed after many weeks of careful planning by Prof. Hurst R. Anderson. It has been drawn up with the idea of it being a very interesting and hard schedule and one that will also cover a great deal of territory.

The debaters will start their season with an engagement with Westminster College on February 28, at Westminster, and complete the schedule by a dual debate with Geneva College on March 27.

The schedule is as follows:

Westminster	Away	Feb. 28
Oberlin	Meadville	Mar. 9
Ohio Wesleyan	Away	Mar. 9
Western Reserve	Away	Mar. 10
Wooster	Away	Mar. 11
Dickinson	Away	Mar. 15
Brothers	Away	Mar. 16
Rutgers	Away	Mar. 17
Columbia	Away	Mar. 19
Grove City	Meadville	Mar. 20
Geneva	Dual	Mar. 27

FRESHMEN DEBATERS TO MEET PENN STATE SOON

Three freshmen have been chosen to represent Allegheny College in the debate with Pennsylvania State College on February 27. The three men selected are Robert Dennis, Edward Stainbrook, and Arthur Vangeli.

Besides the opening debate with Penn State, the frosh also have scheduled debates with the following:

Kent State	Away	Mar. 8
Kiskiminetas Springs	Away	Mar. 10
Grove City	Dual	Mar. 27

The work so far by the freshmen has been very encouraging and Mr. Haberman, in charge of frosh debating, looks forward to some very successful results.

Titans' Superior Skill Too Much for Gators In One-Sided Game

Completely overwhelmed by the speed and accurate shooting of the Titan aggregation, Allegheny's Blue and Gold Alligators encountered their most decisive defeat of this season when they invaded the Westminster stronghold at New Wilmington, last Friday evening, to be defeated by a 48-13 decision.

The superior skill of the rangy lads from Westminster was evidenced all through the game, and with the exception of the first two and a half minutes of play, they led in the scoring activities. The tall Titans possessed the ball most of the game, and they handled the situation adequately, repeatedly scoring from any point on their side of the court. They seemed to have little difficulty in making lift shots, but when the Allegheny Midgets were able to tighten their defense on these, the Titans then successfully resorted to the longer throws.

The Gators felt the loss of Ross Brown, guard, who was absent from the lineup because of ilness. However, it is doubtful if his support could have been of much help to his team mates as the Westminster lads seemed to have an "on" night with Newton, star forward, garnering 15 points. Patt, a guard, and Bennett, center, also did their share of scoring by converting 11 and 9 points respectively. Serene and Massing were high scorers for Allegheny, each having 4 points to his credit.

Allegheny started the scoring after the first one and a half minutes of play with Serene dropping a field goal. Then Hibbs missed a pair of

(Continued on Page 2)

DER DEUTSCHE VEREIN TO HOLD MEETING

Der Deutsche Verein will hold its monthly meeting at Cochran Hall on Tuesday, February 21, at 8:15.

A very interesting program has been planned. Clarke Beiler will give a political survey and a talk on "Vagabonding Through Germany" will be given by John Tinstman. Following these features Winifred Strick will give a book review, and Richard Wagner will be discussed by Catherine Milhoff.

Playshop Will Present Bill of One-Act Plays In the Near Future

Members of the Playshop resume their dramatic activities when they will present a series of three one-act plays in the near future. The date for the production of this series has not as yet been definitely decided upon but will be announced later. The personnel of the casts have already been selected, and rehearsals are well under way.

The series includes "Rising of the Moon" by Lady Gregory, with Max LaBorde, Joseph Harre, Gale Engle, Robert Crabbs comprising the cast; "Pot-Boiler", by Alice Gerstenberger, which will number Edward Stainbrook, Paul Grant, Gale Engle, David Smith, William Roos, Charlotte Merwin, and Kathryn J. Miller; and "Nameless Princess" which is to be interpreted by L. Bramer Carlson, Richard Clarke, Virginia J. Miller, Paul Gilmore, and David Smith.

The majority of these Thespians have demonstrated their talents in previous appearances behind the footlights of the Playshop, and Mr. Hulburt, director of the playlets, predicts that these playlets will be well received.

New Programs for Chapel Are Begun; Hold Devotionals

As a result of the work of the faculty chapel committee a new program of chapel services is being inaugurated this semester. Under the new plan services of purely religious nature are to be held on Monday and Wednesday of each week. These services will be conducted according to a new program of worship made out by the committee and placed in the chapel hymnals. In addition to these services, a third one of a secular character may be presented on Friday. For the most part these latter programs will present outside speakers.

As a feature of the new plan the Allegheny Singers will be present in a body at the chapels on Mondays and Wednesdays, and will take a definite part in the program.

PROF. LEE ADDRESSES ERIE MEDICAL SOCIETY

On Tuesday of last week Professor R. E. Lee delivered an address before the Erie County Medical Society and about 200 guests. Professor Lee's talk, "The Changing Concepts of Science", was divided into two general parts, the first of which was a disclosing of the new attitude of science. Here the audience was taken "behind the curtains" of science and given a comprehensive synoptic view. Following this the speaker traced the changing conceptions of science from the beginnings down to the present time. At the close of the meeting a reception was held for Prof. and Mrs. Lee.

Professor Lee has been the only speaker outside the field of medecine that the committee has chosen to speak before the society.

Phi Gams Nose Out Phi Psis in Swimming Meet

A close race between Phi Gamma Delta and Phi Kappa Psi featured the intramural swimming meet, held January 23, 24, and 25. The Phi Gams won the meet with a total of 29 points, the Phi Psi's being a close second with 26. Sigma Alpha Epsilon garnered 10 points to nose out Phi Delta Theta for third place.

The Phi Gams finished first in four events; 40 yard backstroke, 220 yard swim, medley relay, and the dives. The Phi Psi's also won four events; 40 yard freestyle, 40 yard breaststroke, 100 yard freestyle, and 160 yard relay.

A new intramural record was made in the 40 yard breaststroke, as DuMars succeeded in defeating Klicka in the time of 27.8 seconds. This was the only record broken during the entire meet, although every event was featured with keen competition and a remarkable display of swimming and diving.

At Creighton University the janitor removed several chairs from a class room so that late comers were forced to stand. It proved to be a sure cure for lateness.

TWENTY-FOUR NEW STUDENTS ENROLL FOR THE SECOND SEMESTER

Sixteen Enter College Under Newly Adopted Mid-Year Policy.

Twenty-four students have entered Allegheny at the beginning of this semester. Of these, sixteen are members of the first mid-year class to be enrolled in the history of the college. By attending summer school, it is expected that these students will be graduated with the class of 1936. In addition, two girls, a sophomore and a junior, haev transferred here, and six former Alleghenians have returned.

The new freshmen include: Dale Thompson Beatty, Butler; Leonard A. Blasdell, Johnsonburg, Pa.; Frances Canada, Meadville; Evelyn Katherine Dale, Meadville; John Edward Flint, Carnegie; Robert James Gilmore, Crafton; William Hubert Goodrick, McKees Rocks; Marian Ladner, Meadville; Hershel Lamb, Youngstown, O.; Mildred Moor, Masontown, Pa.; Kenneth C. Powell, Meadville; Ruth Thielman, Dormont; Carol Tiffany, Meadville; Thomas Henry Velter, Meadville; Helen Walper, Dormont; and Allison DeWitt Zahnizer, Meadville.

The transfers are: Beulah Chalfont of Narbeth, Pa., a sophomore from William and Mary College, and Ann Chapman of St. Paul, Minnesota, a junior from Carleton College.

Of the former Allegheny students, two are graduates—John Allgood, Camp Hill, Pa., and Kenneth Anderson, Turtle Creek, Pa. Others who have returned are Elwood Avery, Junior; John Murphy, Junior; Warner Peterson, Sophomore; and William Roos, Senior.

DEPRESSION OF 33 AND 1933 ARE COMPARED

Dr. Ralph J. Watkins, director of the Bureau of Business Research, outlined "The Business Panic of 33 A.D." in an address before the Pennsylvania Water Works Association at its convention in Atlantic City.

In 33 A.D., just nineteen centuries ago, there was a panic, a depression. It was in the days of the Roman Empire and the causes, conditions, and the sequences of that great business slump, one of the most severe that ever shook the pillars of Roman credit, are much the same as today.

In 32 A. D., Seuthes and Son, Alexandrian merchants, lost some spice ships in the Red Sea. Along with this the Ethiopian caravan trade slumped.

Then, Malchus and Company, dye makers at Tyre and Antioch, became insolvent after a manager appropriated some of the company's funds. Dr. Watkins marks this as the Krueger case of 33 A. D. Following this, the Romans began a run on a bank of Maximus and Vibo, who had lent heavily to the Tyre dye makers, and the panic began in earnest. Other banks in Rome soon lost the confidence of their investors and many of them closed. The official government newspaper printed stories of other business failures at Corinth; creditors pressed debtors for payment; and insolvency followed insolvency.

When conditions called for drastic action, Emperor Tiberius acted by lending the banks 100,000,000 sesterces of the public monies. This compares to the R. F. C. of today. Soon the panicky feeling subsided and the people had a return of confidence when news of good business came in from other large cities, and the panic of 33 A. D. became just a Roman memory.

Dr. Watkins showed how the depression of long ago compared with the present one. There was freezing of foreign loans, falling of prices, rumors, bank failures, bank runs, commercial failures, panicky unloading of goods, and government relief. What, no Technocrats?

OFFICIAL ABSENCE EXCUSE OUSTED BY DEPRESSION

Since the expense of maintaining an absence file in the dean's office is too great, students at the University of Kansas will no longer be required to have official excuses when they cut classes.

Friendly Femmes at Antioch College are inviting all students to attend Examination Teas to be held every afternoon during exams. All talk about examinations will be barred at these teas.

Younger Completes Plans for Singers' Annual Spring Tour

Due to the efforts of Paul H. Younger, publicity director, plans have been completed for the Easter trip of the Allegheny Singers. Under the direction of Professor Luvaas, and chaperoned by Miss Mina French, about 45 singers will travel by bus and private cars through western Pennsylvania and eastern New York. During the trip they will give approximately 12 sacred concerts as a part of the Holy Week services of several churches to be visited.

The Singers will leave on Sunday, April 9, and will be gone for ten days. The itinerary for the trip is as follows:

Sunday, April 9.
Titusville (afternoon).
Oil City (evening).

Monday, April 10.
Franklin.

Tuesday, April 11.
Punxsutawney.

Wednesday, April 12.
Warren.

Thursday, April 13.
Bradford.

Friday, April 14.
Fredonia, N. Y.

Saturday and Sunday, April 14 and 15.
Niagara Falls.
Buffalo.

Monday, April 16.
Westfield.

On Tuesday, the Singers will return to the campus, probably after a short stop in Erie.

At the present time definite arrangements are being made for an eight day trip to Cleveland and the lake shore to be made the first week in May.

Bill Would Place State Policemen on Penn State Campus

Penn State students were faced with the unpleasant prospect of acquiring three state policemen as a permanent addition to the beauty of their campus. Last week the state legislature was deliberating over a bill granting authority to officials of Penn State to appoint campus police and empower them to make arrests of anybody whom they suspect of violating laws of the commonwealth. The bill, sponsored by Senator Henry B. Scott, of Phillipsburg, passed the Senate and went before the House last week.

The bill, a blow at student radicalism, finds its parallel in the much discussed pledge to state and national loyalty which was recently required of Pitt students. The officers, who would be appointed and controlled by university authorities, would be a peril to free speech and independent thinking—an institution to be compared with the "coal and iron police", said Judge Musmanno, in attacking the bill in the Legislature..

DR. C. F. ROSS SPEAKER AT FRESHMAN SMOKER

The freshman smokers were resumed yesterday evening with Dr. C. F. Ross as the guest speaker. Endeavoring to show that the man who attends the small college has as great a chance of success as the man who attends the large university, Dr. Ross pointed out the advantages of the small college and called attention to the great number of prominent Allegheny alumni. In a survey of successful men, graduates of over sixty colleges and universities, taken a few years ago, Dr. Ross declared, Allegheny College was third in the number of successful graduates, preceded only by DePauw University and Ohio Wesleyan University, both of which are also compartively small institutions.

INTERFRATERNITY BODY APPOINTS COMMITTEE DEVISE RUSHING PLAN

Program Will Be Submitted to Council at Their Next Meeting.

Appointing a committee to formulate a rushing program the Interfraternity Council took the second major step in solving the rushing problem at its regular monthly meeting held at the Phi Gamma Delta house last Wednesday evening. After hearing the reports of the senior members on their findings following the submission of the questionaire to the fraternities the Council proceeded to nominate a committee consisting of William A. Boetcker, Louis Haberman, and George McCartney all of the class of '33. This committee will present a program for consideration at the next meeting of the Council.

The sentiment prevalent among the members of the Council would seem to indicate that the fraternities in general are in favor of the adoption of a rushing program although seeming to prefer that any changes which are made must be mild in character with a view to additional reforms as the complexion of the situation demands.

With this attitude in mind the committee will endeavor to complete its work before the next meeting of the Council to be held at the Delta Tau Delta house on March 9.

Following the dispatch of routine business the meeting adjourned. Harry R. Pore, '33, presided.

Players Guild Holds Regular Monthly Meet; Wm. Roos is Speaker

A summary of the plot of "The Ticket for Leave Man", an eighteenth century melodrama, by William Roos, '33, featured the regular monthly meeting of the Allegheny Players Guild held in the Green Room of the Playshop Theatre last Thursday evening. Mr. Roos read several delightful scenes from the play in which he appeared while studying in the Drama Department of Carnegie Tech.

The Guild opened its meeting by electing Harold Crook '33, Lois Stark, '33, and Joe Harre ,'35, to membership. A committee was appointed to arrange for the entertainment of the patrons and patronesses of the Playshop.

At the conclusion of the meeting a delicious lunch was served by the Refreshment Committee, David Smith and Harry R. Pore.

Boxing and Wrestling Begins This Week; Rules Announced

Intramural boxing and wrestling got under way on Monday, February 13. All persons intending to take part in the matches are requested to sign up at the office of Mr. Way by Saturday, February 18.

Boxing classes will be held on Monday, Wednesday, and Friday at 4:15 each week. Wrestling classes will also be held each week on Tuesday and Thursday at 4:15, and Saturday at 2:15. The purpose of these classes will be for instruction and conditioning before the preliminaries are started. There are separate classes for freshmen, which are held during their regular scheduled physical education periods.

Monday and Tuesday of this week were spent in weighing in the men of both sports, along with a light work-

(Continued on Page 2)

INTRAMURAL STANDINGS

The Phi Gams, as a result of winning first place in two of the three events thus far completed, lead the race for the intramural championship. First in volley-ball and swimming give them a total of 390 points, while Sigma Alpha Epsilon, winner last year, is a close second with 340 points. The winning of cross-country by Delta Tau Delta places them third with a total of 250 points.

The standing:

	Cross-country	Volley-ball	Swimming	Points
Phi Gamma Delta		1st	1st	390
Sigma Alpha Epsilon	2nd	2nd	3rd	340
Delta Tau Delta	1st			250
Phi Kappa Psi			2nd	210
Beta Upsilon		3rd		190
Beta Kappa				140
Non-Fratenity	3rd			130
Phi Delta Theta				130
Alpha Chi Rho				110

A GLANCE TO THE FUTURE.

With the semi-annual head-ache just over, and with it the inevitable egress of a few students, the perennial question as to who should be accorded the privilege of a college education becomes pertinent.

Are these advantages to be accorded to those who have the ability and intelligence to get something out of a college education besides a degree, or to those who go through college just because their parents can afford to send them or to those who are adherents of the twentieth century principle that it is "the thing to do"? Allegheny College, like innumerable institutions of its size, apparently makes no effort to distinguish between these classifications, and, with the exception of a few extreme cases, the misfits, which are the inevitable result of the pursuance of such a policy, are permitted to continue in a mediocrity which reflects no credit upon themselves or upon the college itself. The completion of a prescribed course and the possession of a diploma from a high school, an honor which is becoming more and more dubious, are sufficient credentials to permit their holder to enter an institution of higher learning and pursue studies of a decidedly more advanced character without further investigation as to ability and intelligence. In fewer words, Allegheny College has given her sanction to the ridiculous proposition that the graduate of an accredited high school is, by reason of that fact, qualified to continue his studies. The fact that financial necessity has forced the smaller colleges into competition with one another for students does not in any way alleviate the academic aspects of the situation.

The American Council on Education, with the customary thoroughness and objectivity of investigators into that branch of learning, have proposed a remedy. Needless to relate, that remedy carries with it an intricate system of tests, record cards, and charts which the individual of ordinary human intelligence could not hope to decipher, but which, nevertheless, is a clear indication of the fact that an evil exists.

Due to the stress of financial conditions, Allegheny College or any other college, can do little or nothing to improve this situation. It must do its best to ride the storm, but it must keep a sharp look out to the future, for the college which has not sought to maintain its academic standards will find itself swamped in a depression of learning when the depression of money has spent its force. We feel confident that Allegheny is weathering the present storm with expediency, but there must eventually come a revision of the entrance requirements and a raising of standards or the College will certainly sink to the academic oblivion in which so many of its geographical neighbors are now wallowing.

A WORTHY TEAM.

Those who attend the basketball games are convinced that Allegheny has no reason to be ashamed of the team which represents her on the court this season. The record of games won and lost is not so imposing as it has been in the immediate past, but what the 1933 Alligators possibly lack in experience is more than made up for by a real fighting spirit, which, after all, is more of an asset to Allegheny College at the present time than any number of skilled, seasoned veterans playing without that spirit.

The support of the team by the student body continues to be low, but when those who do not attend the games are once impresed with the fact that at every contest five scrapping, determined players take the floor to do their best, that support should and will be forthcoming. Even in the face of superior ability, experience, and size the team has shown this same spirit and it is our prediction that it will not go unrewarded.

The crowds at every game this season have been impressed with the sportsmanship which the team has shown. The ability to abide by an official's decision without complaint and gentlemanly courtesy to opposing players have been especially noteworthy, and this conduct reflects favorably on coaches as well as members of the team.

By their spirit and determination the players have shown themselves worthy of the support of the entire student body, and, win or lose, the students should give it freely.

LETTERS TO THE EDITOR

Mr. Harry R. Pore,
Editor-in-Chief,
The Campus.
Dear Mr. Pore:

The letter appearing in the last issue of *The Campus* was interesting, to say the least.

If you place a one-thousand-dollar diamond and a five cent cabbage in front of a hog, you know as well as I do that the hog will take the cabbage. You also know as well as I do, which one you would take.

Thank God that the hog's opinion of the diamond is a reflection on the hog and not upon the diamond.

Sincerely yours,
WM. A. BOETCKER, '33.

Dear Editor-in-Chief:

What this college needs, nay, what our whole nation, nay, may I say the world, Mr. Pore, what this world needs is a better five cent cabbage, and with taxes what they are, I'm not so sure I would take that diamond. In fact Mr. Boetcker, not wishing to involve any fraternity politics, or any intramural points, I decidedly would not take that diamond. I love cabbage. If cabbage was good enough for my father and mother, it's good enough for me. There are thousands of people right in this grand old state of ours, the Keystone State of our hungry Union, who would be very grateful for even a brussel sprout or two.

But to get back to the diamond and the hog, let us continue in a serious vein. If you took the diamond and I took the cabbage, who would get the hog? If you get the diamond, I ought to get the cabbage and the hog.

But the point is; which of us would be better prepared for life? You with the diamond or me with cabbage and the hog. My vote goes to the hog.

Fifty years from now will the world be a better world to live in because you took the diamond, Mr. Boetcker? You may ask me, if this will be a happier world fifty years from now if I take the cabbage and the hog? No, I don't think so, frankly, if I am in a position to judge. And I can only thank you for the position I am in with a cabbage in my right hand and a hog in my left. But I do think that it will be a happier cabbage and a happier hog if I know even half as much as I think I do about care of cabbages and hog happiness.

You may think that I am cynical or silly. You may well think that, but if you don't watch out Ridelsperger will get you. I may be stubborn, but I just love sour kraut and pork.

Sincerely yours,
WILLIAM E. ROOS '33

COLLEGE ADJUSTS EXPENSES TO SUIT FUNDS

Lincoln, Nebr.—No laboratory, library, book or student activity fees appeared on the tuition bills of students at Nebraska Wesleyan University at the beginning of the second semester. In an effort to adjust college costs to student finances, the university has abolished them. The expenses formerly covered by these fees will now be met from the regular tuition, which remains at $75 per semester.

Nebraska Wesleyan is also opening a student dining room where the undergraduate will be able to obtain all his meals for $45 per semester.

The four beauty queens whose portraits will grace the pages of the 1933 Badger, University of Wisconsin, will be chosen by Frederic March. March, a graduate of Wisconsin, will select the beauties at the Junior Prom.

WESTMINSTER GAME.

(Continued from page 1.)

charity tosses, losing his chance to add to the margin. Hunneke retaliated for the Titans with a field goal and from then on Westminster commanded the situation by romping around and through the Gators and by dropping in baskets from any place they desired. The whistle, terminating the half, found them with a large lead, the score being 28-8.

The second half was similar to the first, with Westminster adding 20 points to her score and Allegheny being able to secure 5 more, making the final count 48-13.

At no time during the scrap did Allegheny show any remarkable outbursts of speed that so characterized her first game with Westminster, and by means of which she reduced the large margin piled up by the Titans in the first half.

BOXING AND WRESTLING

(Continued from page 1.)

out of loosening exercises. Both groups will be worked as a regular varsity team preparing for outside competition. Every precaution will be taken in matching men of comparative equal weights, so as not to jeopardize the safety of those participating.

The new intramural boxing and wrestling cups, which are at present in the possession of Sigma Alpha Epsilon, are very attractive. They are of a bronze color, Grecian in style, and rather plain in design.

The rules governing the contests are as follows:

1. Entries must be handed in by the Intramural Council representative at the time designated by the Intramural Department and Council.
2. The winner in a weight must enter the next higher class the following year. The winner in the unlimited class may not participate.
3. Pairing will be drawn up by the Intramural Department just before the bouts.
4. Certification by the college physician must be handed in to the Department before a man will be allowed to compete.
5. No contestant will be allowed to compete who has not been in regular attendance in the boxing or wrestling class at least three weeks prior to the matches.

The boxing and wrestling point scoring system is:

1. For entrance, 30 points.
2. Two points shall be awarded the winner of a match.
3. One point shall be awarded the loser of a match after the first round. (No points shall be awarded the loser in a first round match.)
4. The champion in each class shall receive five points.
5. The runner-up in each class shall receive three extra points.
6. A contestant must engage in his next match after drawing a bye in order to secure the point for bying. (One point shall be given to the man who draws a bye and engages in his next match.)

The Intramural Council reserves the right to pass judgment on all matters not covered by the above rules and regulations.

DUKE UNIVERSITY
SCHOOL OF MEDICINE
DURHAM, N. C.

Four terms of eleven weeks are given each year. These may be taken consecutively (M. D. in three years) or three terms may be taken each year (three terms may be taken each year (M. D. in four years). The entrance requirements are intelligence, character, and at least two years of college work, including the subjects spscified for Grade A Medical Schools. Catalogues and application forms may be obtained from the Dean.

CHAPELS
Friday, February 17.
Monday, February 20.
Wednesday, February 22.

Kappa Phi Kappa will meet in the home of Dr. and Mrs. Henke tonight at eight o'clock.

The barber shop in Cochran Hall will be open tomorrow.

There will be a meeting of all members of the Senior Class tomorrow at 12 o'clock noon in Ford Chapel.

NOTICE.

Students are strongly urged to keep a memorandum of all class and chapel cuts taken, so that they will not exceed the limit of cuts allotted them and lose hours credit.

Any students desiring cuts cancelled for a prolonged illness must present a physician's certificate at the Dean's office not later than *one* week after his return to classes. After that date the certificate will be invalid.

Cuts for sickness of one day will not be cancelled.

A student will no longer receive notices by mail regarding exhaustion of cuts or overcuts in any course or chapel. He is expected to maintain a record himself. On every Wednesday throughout the term there will be posted a "Dean's List" which will include the names of those students who have exhausted their cuts in one, or several, courses during the previous week ending Saturday. Any corrections in this list must be made by Saturday of the same week. The "Dean's List" will be posted on the bulletin boards outside the offices of the Dean of Women and of the Dean of Men.

Because of the student's disregard of summons to the Deans' offices, and since most summons have to do with academic rather than disciplinary matters, hereafter on every notice sent out will be written a date *before* which the student must answer the summons. If he has not appeared by that time, he will automatically receive cuts in all classes until he does see the Dean.

DEAN OF WOMEN.
DEAN OF MEN.

Mr. William Sturdevant, ex-'08, who has been editor of the Birmingham Post, is now editor of the Louisville Herald Post.

CAGERS OUTSCORE FENN IN LAST HALF BUT LOSE

Once again Allegheny's basketball team proved its ability to play brilliant basketball, yet lost to Fenn College, 35-25, in a game played here on Tuesday evening, Feb. 7th. After the first few plays of the first half, the game was all Fenn's, the Clevelander's taking the lead at 3-2 and allowing the Gators to score only once till near the end of the half, when the score stood at 18-3. Here Allegheny's scoring machine began to gain a little momentum, and Serene and Hibbs brought the score up four points before the half was over. The second half, in its early portion, marked the victory attempt of the Gators. The score was forced to 18-14 before Shokey was sent in to stem the scoring with Fenn's first basket for the half. Soon Serene and McNutt added three more baskets to Alegheny's credit, and evened the score at 20-all. Hibbs put the Gators in the lead with a well placed foul throw and the spectators went mad with joy. But here Allegheny slipped and lost the game.

Cunnan, Fenn guard, opened the scoring of the evening with a side shot and left Allegheny in the lurch, but Serene later evened this by with a pot shot, while Staten started Fenn on her scoring spree with a foul throw. again made a foul throw good, and Fenn scored five baskets in suocession before being checked. Allegheny's playing in these ten minutes was ragged. After Bent, Boone, Cunnan, and Staten had scored the five buckets Brown made Allegheny's third point, but Fenn was not ready to stop yet, for Shokey added two more baskets before Serene and Hibbs ended the quarter with their four points.

Massing started Allegheny's victory bid with his basket, to be followed by Serene's foul, McNutt's basket, and another basket by Serene, making the score 18-14. Here Shokey broke in to make it 20-14, and then three baskets by Serene and McNutt tied the score up at 20 apiece. Hibbs scored one. Bent made a basket. Leadbeater made another, putting Allegheny in the lead again, but Shokey got away from every Gator on the floor, and easily scored another basket for Fenn. At eight minutes to go, Cunnan scored again for Fenn, and McNutt finished Allegheny's scoring with a basket. From then on Fenn had little trouble in scoring another nine points to end the game, 35-25.

HOFFMAN BREAKS BOWLING RECORD; SCORES 240

During the week of vacation the bowling record of the college was broken on the alleys in Cochran by George "Bud" Hoffman. The new high for the alleys is 240.

All new pins and balls have also added to the interest taken in bowling of late. The addition of the new pins and balls gives the students practically all new equipment for the alleys.

To win the first prize for men this past week, Bob Brakeman rolled the high of 189 for the week, while Sally Hoffman took the first prize for women with a score of 111.

In a few tournament games played before the tourney starts in earnest next week, the Phi Psis rolled two matches, defeating the Phi Delts and the Sigs. In another early match, the Phi Delts defeated Beta Upsilon. The entire bowling schedule will be made up in time for next week's *Campus*, according to Watty Waterson.

ILLUSION:

Right before your very eyes the man of magic draws rabbits, vegetables, flowers, fruits—even babies—all from an *empty* tub! What an astonishing fellow he is!

EXPLANATION:

The assorted rabbits, babies, carrots, cabbages, ribbons and other magical "props" are not created by magic. The tub has a false bottom that is conveniently displaced, and numberless wonderful things spring to life in the magician's nimble fingers. They do literally "spring" because they are made to compress into the bottom of the tub, taking their natural shape as the magician lifts them out.

IT'S FUN TO BE FOOLED ...IT'S MORE FUN TO KNOW

Tricks are legitimate on the stage but not in business. Here's one that has been used in cigarette advertising...the *illusion* that blending is *everything* in a cigarette.

EXPLANATION: Blending is important...but it makes a lot of difference *what* is blended.

Inferior tobaccos can be blended to cover up their humble origin. But your taste soon detects the trick.

The proper use of blending is to bring out the full "round" flavor of mild, high-grade tobaccos. It's the *costliness of the tobaccos,* as well as the blending, that counts.

It is a fact, well known by leaf tobacco experts, that Camels are made from finer, MORE EXPENSIVE tobaccos than any other popular brand.

Hundreds of thousands of dollars have been spent by others in the attempt to discover just how Camels are blended. The blend *is* important.

But all the while Camel spends *millions more* for choice tobaccos...to insure your enjoyment.

Light up a Camel. Relax, while the delicate blue smoke floats about you. Enjoy to the full the pleasure that comes from *costlier* tobaccos.

Keep Camels always handy...in the air-tight, *welded* Humidor Pack.

Alpha Chi's hold shower

Last Wednesday Alpha Chi Omega held a bridal shower in honor of Mrs. Mary Mull Lewis, '32, at the home of Miss Alice McClelland, '33, in Meadville. The gifts were hidden about the house, and hearts tied to a parasol told where the gifts could be found. Refreshments were served by the hostess.

WAYNESBURG VICTOR IN ONE-SIDED FRAY

Living up to all expectations, the Waynesburg Yellow Jackets literally swarmed over the Meadville Alligators on Montgomery Court, Saturday evening, February 4th, by piling up a 53-28 score against them.

Waynesburg held the heavy end of the score all through the game and played remarkable basketball as demonstrated by their star center, Janosik, and by their star forward, Currie. Janosik was the big noise of the evening, having amassed a total of 19 points with Currie running a close second, having chalked up 15.

McKim, Brown, and Berger were high scorers for Allegheny, each having 7 points to his credit.

Many reserve players for both teams were used, Coach Tippin sending in at least seven and the Yellow Jackets substituting no less than four.

FROSH DEFEAT HIGH SCHOOL TEAM: 18-15

In a preliminary played before the game with Fenn, the Allegheny Freshman team avenged a former defeat at the hands of the Conneaut Lake High School team by a score of 18-15. This game was a much better played one than was the main attraction for the evening. L. Miller proved to be the high scorer for both teams with ten of Allegheny's marker's to his credit. while Griggs of Conneaut was second, and led his team in scoring with five points.

Tobacco to smoke right

has to be a different kind of tobacco from that used in cigarettes . . . and it has to be made by an entirely different process . . .

OUT in Kentucky, where they have pretty women, fast horses, and blue grass, there grows a tobacco called White Burley. It doesn't grow anywhere else in the world.

There is a type of this White Burley that is best suited for pipe smoking. It is neither too thick nor too thin. It is not light and chaffy; at the same time, it is not rank or strong. "U. S. Type 31" is the government classification for White Burley.

Since no other pipe tobacco has yet been found which seems to equal White Burley, this is what we use in making Granger Rough Cut.

Next, we use the Wellman Method, a famous 1870 method of making pipe tobacco, to give Granger its fine flavor and fragrance. Then, too, Granger is "Rough Cut"—just like they used to "whittle" their tobacco off a plug with a jack-knife. It smokes cool, lasts longer and never gums a pipe.

And finally, we want to sell Granger for 10 cents. Good tobacco—right process—cut right. So we put Granger in a sensible soft foil pouch instead of an expensive package, knowing that a man can't smoke the package.

Granger has not been on sale very long, but it has grown to be a popular smoke. Folks seem to like it.

The Granger pouch keeps the tobacco fresh
