Dear Miss Tarbell November 1.1937

A letter before me from Zona Gale a friend of many years standing.Also Margaret Adler daughter of Felix Adler is most anxious for me to communicate with you.

Realizing how precious your time is I hardly dare to ask if I might call and talk with you.I do so need a basis of Judgement that is clear and not befogged with this present fighting for place in a clouded sky.I am at such a dead center in trying to secure my kind of a Job and the fight of 3 years or more has me now at a cross road of almost complete lack of interest to go on and the machine must have a chance at a road that is not impassable and which is breaking weak and strong parts.

I should like to remain here in this Hall taking about 4 points towards a Ph.D. which I do not need anymore than I need a third ear BUT up to February 2nd.or before the Semester ends it would hold me so steady that I could contact any possible work, This would cost about $350.00 but in the meantime IF a Job did come the balance not spent could be returned.BUT the Job is the life saver.I came down from Stockbridge Mass.September 15th.after an enforced rest ready and in fit shape to tackle the situation, but this Stock "Market Flurry" has thrown everything into a state of fear again.After this time of trying to lay foundations I am now without funds or any seeing of a logical way out.

If in your goodness you could suggest any contacts or anyone who might be willing to hold out a hand for the time being it would be deeply appreciated at this time.Zona has done a great

deal but feels that she cannot loan any more which is perfectly right. I owe her a great deal over a period of years not only in money but in her standing behind me when my small fortune went in 1929.-I am just one of those unfortunate Creative Art people who are useless at present in any scheme.

I am a good Newspaper person. I could prove a good Secretary to someone who might want a person of integrity and judgement to rely upon in reorganization etc. I take fairly fast dictation directly upon my ~~typewriter~~ but I am not an expert Stenographer.

Any possible suggestions will be very gratefully recieved and deeply appreciated as coming from one who is such a very great person, to me and many many others.

Sincerely yours

Evelyn Peters Ellsworth.
