New York, April 29, 1920

My dear Mr. Alber:

I just got in last night from my trip, and find your letter of April 21st. Of course if you have three weeks of time taken, I shall want to fill the engagements. It would hardly be fair to do otherwise. In case you want to make it six engagements a week, I think that I could manage that. It would not do any harm to crowd myself for as short a time as three weeks, I think. In any case I do not want to hamper the Bureaus.

Very sincerely yours,

Mr. Louis J. Alber,
