

June 7, 1939

Dear Miss Ludwig:

I am sending you today by express the picture of Mary Lincoln and myself which you thought the girls would like. I have put on the back of the picture a note explaining where she came from. This was suggested to me by one of the girls at the house.

Thank you for your note. I was sorry not to see you again, but I realized how driven you were.

My love to the girls and to yourself, dear Miss Ludwig
