Dear Miss Tarbell:

A copy of the enclosed letter was sent to the Head of History Department in every American university doing advanced work last spring. I received no report from you. Since I am quite certain you are engaged in some significant piece of research I am sending this letter to you direct.

The American Historical Association intends to print late this year a list of research works in progress by mature scholars. If you wish to be included in the list I shall be grateful if you will have your report in my hands not later than November 1st.

So far reports have been received from over two hundred and fifty scholars and from over fifty universities and colleges.

Yours very truly

Executive Secretary
