Dear Miss Tarbell:

I am looking forward with great pleasure to welcoming you and the members of the New York League of Business and Professional Women next Thursday afternoon, October 13th.

I have arranged a little program called, "Beauty for the Busy Business Woman" which I hope so much you will enjoy ... for today one's time is so precious and new ideas for saving it are always welcome.

We plan to have tea in the Oak Room, which is on the seventh floor of my Salon at about 5:00 o'clock. I shall be so happy to greet you then.

Very sincerely,

October Seventh
