

REGISTRAR'S OFFICE
C. F. ROSS, REGISTRAR
BEATRICE B. COTTON
ASSISTANT REGISTRAR

ALLEGHENY COLLEGE
MEADVILLE, PA.

October 26, 1935.

Miss Ida M. Tarbell,
126 East 19th Street,
New York City.

My dear Miss Tarbell:

I have looked up the matter of the use of gas and electricity and the central heating plant at Allegheny. I find that gas was introduced sometime before 1886, that the first central heating plant was in 1896, and electricity seems to have been introduced in 1897.

We greatly enjoyed your presence at the college and at our home this week.

Very cordially yours,

C. F. Ross
