Allegheny College Alumni Association

MEADVILLE, PENNSYLVANIA

Send list - "Feeler to Ridge

May 3,1927.

My dear Miss Tarbell:

Under separate cover the box of letters ready to sign and the envelopes,stamped, are being sent you. If you think of any other names af persons who might be interested we can have more copies of the letter prepared and send to them. I am deeply interested in the project myself and feel that with a little follow up work we should be able to get a sum sufficient to place a window in the new Stone Church.

Miss Lillie Hamnett had a severe turn for the worse this past week but has rallied again. She has the vitality that kept her father alive so long and her passing will be all the harder on that account. We in Meadville who have during long years loved to go there will feel the loss keenly when she leaves us.

It was my privilege during the past week to attend the National Convention of Alumni Secretaries at the University of North Carolina,Chapel Hill, N.C.where 125 secretaries and officers from almost 100 colleges and universities spent three full long days in intensive work on the alumni work. This one maintained the high standard of the two previous ones I have attended at Bethlehem,Pa. and Columbus,Ohio. The trustees of the college are realizing the importance of work with the alumni and I hope the proper full-time person may soon be found to carry on this work for Allegheny so that we may keep up with the advanced thought and action in the relations of the college and its alumni.

Thanking you for the trouble of sending out the letters, I am.

Very sincerely yours,

Edith Rowley
