Monday.

Dear Mother:—

I just got ready to write you when your box of rosies came — they were beautiful — they kept just as fresh as could be — I am a hundred times obliged — they cheer things up so. I was quite shocked to hear of Mr. Brown's death even tho. we have been expecting it so long. I guess I am getting along as well as could be expected. Wednesday is my sick day — after that time the dentist says he can tell better what I had better do — I shall not get home till very near Xmas. I will get down Saturday before I come & get what ever you wish

Mrs Chamberlain came in just as I wrote the last - it is the first time I have seen her since I last wrote you - She wants me to come & see her when I can - I have been for short walks several times the past few days - I enjoy getting out - It is two week tomorrow since I came -

I was talking about Xmas and was going to say I wish you would get something nice for Ella (you have her list) & let me go in with you when I get home - I dare not spend my money for fear I will not have enough or I would try and get some thing here - We are to get the Umbrella for father, Ella & I the buttons for Will -

My supper has just been brought to me - all meals are served in your room - A person has to get use to a great many things - A lady who is a trained nurse & also doctor has opened this hospital so that the doctors of the City can bring their patients here for operations & have the best care & attention after - There is a lady in the room next - we had a cancer removed - one at the end of the hall had an awful tumor removed etc - the house only holds about 12 patients so it is quiet - I received Ella letter this morning
