My dear Miss Tarbell -

So absorbed have I been in genealogical research thus far, and so completely has the work taken such strength as I have to give that I have simply had to eliminate letters, save such as were necessary. Do pardon my seeming impudence.

After going to Richmond Virginia, I retired to this lovely quiet spot to digest my material thus far gathered and to rest up for next Monday when I go to Warsaw.

I am sending certain papers to Mrs. Rudolph, asking her to send copies to Jobe and to Dr. Warren. Also to Mrs. Marvin R. Shipley, asking her to do the same - so you will receive them very shortly. Mrs. Shipley has much Shipley data and has been most generous with it, as has Mrs. Rudolph with the Hanks material - following your own unprecedented generosity. I have heard nothing from Dr. Warren. I am disappointed that he has not fulfilled his promise

to send me the results of his Lunenburg Co. research to aid me in my Shipley problem: However, as I had promised him some data I am sending it.
How about that Document which disappeared?
Dr. Barton is being attacked on all sides and I was told when I was in Richmond that he is to be there next week and to send a research worker to the Southern Counties of the Northern Neck! He is being driven into a corner I think and begins to feel not quite so sure.
I think that his romancing has been made of such stuff

at romances usually furnish. After investigating those deeds and wills in Warsaw - Richmond Co. Va. I shall return to this house to make comparisons - then go to Lunenburg and adjacent Counties if possible -

Should you discover any mistakes in my papers, please do not hesitate to do me the kindness to point them out.

Most Sincerely Yours -

Lonie Dean White
