April 13, 1927

M. M. 2 Lu.

Miss Ida M. Tarbell,
120 East 19th St.,
New York City.

Dear Madam:

Replying to your inquiry of the 11th inst., it gives us pleasure to advise you that we have about a dozen women members. Most of these are business women. We have a few club women who are particularly interested in civic development.

Two of our women members are running a business of their own, and others are buyers in large stores here. One owns and manages the largest amusement park in this section of the state. Two of these members are milliners.

Our women members have given particularly good service on committees studying the following activities: "Education Week", parks and playgrounds, "Clean-up Week", community chest, tercentenary celebration, and matters affecting public health.

If there is any additional information which we can supply, we would be very glad to have you write us further.

Very truly yours,

W E Bacon

Assistant Manager.
