Dear Mr. Schleisinger:

I want to thank you and Dr. Fox for the Foreword to "The Nationalizing of Business." I should have done this before but that Macmillan Company was slow in sending me a copy of the book. It looks important, do you not think, in the hundred percent American cover they have given it?

I am deeply gratified that you and Dr Fox feel that the book is a worthy edition to our Series on The History of American Life. I feared I had gone a little too much on my own in writing the book but I trusted to your intelligent editing to bring it in line with your own and the preceding and following volumes. Your Preface makes me feel that you have done this admirably though I fear it was a rather trying piece of work for you and your associates.

At all events I want you to know that I appreciate your good word as well as your long patience and courtesy while the book was under way.

Please believe me with all good wishes.

Cordially yours

Dr. A. M. Schlesinger
