Dear Mr. Warren:

Thank you for your letter. I am more disappointed than you are that I cannot be at the Lincoln Museum on February 11th. But as I wired you I shall be in Arizona at that time speaking on the 12th at the University in Tucson.

I want to see your library and the first time that I can stop off, going or coming, I am going to find out whether you are to be around and will act as guide in showing me your undertaking.

I hope that the dedication will be a grand success, as no doubt it will be.. Please send me a complete report of what you do. I would be glad of any material that you have on your work. Perhaps I told you that I am trying to get my little collection in shape to give to my old college. It is a very small one for I have never, until recently, had any serious attitude towards collecting anything. But I have some things and I want to start them off at Allegheny. So you see I shall be particularly interested in what you are doing and I want for my own collection a complete set of documents and pictures, etc. One thing I have in mind, of course, is to give to students, who may be interested in making a more particular study, full information about where to carry on in a larger way than my little collection will give them an opportunity to do. So you see I shall really be advertising your Museum.

Looking forward to seeing you one of these days in Fort Wayne, believe me my dear Mr. Warren

Very sincerely yours

Mr. Louis A. Warren
