Monday, January 26 – 1931.

My dear Miss Tarbell,

The day I left Schaller (Jan 14th) for Arizona, I sent you the Daves.

I had been having another attack of Flu and was waiting to feel able to travel.

I spent last winter here in Tucson, hoping to get rid of a bronchial cough. It did leave me and I gained eight pounds – but after a violent

siege of flu, upon my return to Iowa in May last, I lost all I had gained and the cough came back — so I am trying Tucson again arriving here on the 21st, after several stopovers.

I have just read in the Tucson Star that you are to lecture at the University in February.

I am hoping that your lectures will be open to the public, for I should feel desperately disappointed to not hear you on anything you may have to say.

I think it would be a heavenly balm even to see you dear Miss Tarbell.

So here's hoping and wishing for you "Health, Long life and Happiness."

I am Sincerely yours

Jane E. Hamond.
