Dear Ida Tarbell

The lamp goes today, via R.R. Express, I have several helpers but always when I need any thing they are ill or away— I just got hold of Edwin after two weeks or more, the lamp, was a candle stick bought in Moscow in 1886. The shade had to go in a separate pk— should be opened carefully. We used in our Japanese house "Itchi Ban Hikawa, cho Akasaka, Ku. Tokyo" it has some of the 47 Ronans, who avenged a great daniso's murder— my affection goes with the lisht— EMK—
