She didn't care for the news-
paper men - they looked at-
her with an appraising - im-
personal - all - in the days
with look which she resented
She was one to be admired
smiled at - flattered - they
could do so much - keep
her in the public eye - they
didn't think sure when her
depit had real news - then
it was the news not -
She may have felt a mysterious
doubt - of herself before them
~~[illegible]~~ gaze - got - to show - me, not -
to be fooled
