New York, N. Y.

Dear Miss Tarbell:

Miss O'Dell asked me to let you have a report on the business done on your service to date.

Figuring that the service will run fifty weeks the total sales to date amount to $18,958.00. Of course this is approximate, as there is the possibility, but not the probability, of there being cancellations before the service terminates. After taking the costs out of the total sales of $18,958.00 your share will be 50% of that total. These costs will be shown on your monthly statements, as we could only estimate what they will be for all the service.

We have paid you $3,000.00 to date.

I think this will give you an idea of what your portion on the service will amount to. If there is anything further, wont you please let me know?

Yours faithfully,
The McClure Newspaper Syndicate,
F. W. Austin
