Dear Miss Tarbell: .

You have been in my mind quite frequently of late - ever since my friend Miss Charlotte Brigham asked me what you thought of my Sunshine House project, and I was obliged to tell her I didn't know.

I am sending you a new Bill - No 30, that has not been sent out yet, and that gives one angle of the project - the Labor Union angle.

Would like to have a talk with you about it. I am also sending under separate cover two copies of The Straight Edge that I am holding to send to a very special list early in the fall.

It seems to me it would be a very wholesome thing to get this plan talked about just at this juncture and that, may be you would like to write somebody a letter about it. If so - or in any case - I would like to call on you some day when I am making in New York. I spend several days each month in Room 328 of the New York Public Library, on my Copeland Family Scrapbook. I am also enclosing two of my

post cards that I use in keeping acquaintance with as many of the "30,000 Copelands" as I can afford to know.

I want you to meet Mrs. Copeland sometime. She is just now spending two months in Kenmore, near Buffalo, with her sister and brother and our married daughter who lives there.

Best regards to you sister.

Sincerely Yours

Nelson F. Copeland
