Miss Ida M. Tarbell,
120 East 19th Street,
New York, N.Y.

Dear Miss Tarbell:

I have read with great interest and appreciation your valuable contribution to our human needs campaign. You probably saw that it appeared in the World-Telegram last night. I have been in the field most of the fall and not as closely in touch with detailed plans as other years. It was a great encouragement to find, on my return, that you had made this unusually sympathetic interpretation of our work. It adds still more to our great debt to you.

We have missed you this fall in our meetings and realize how much we have lost by your absence. We know that it is really asking too much of you to expect you to be present. We want you to know, however, that you are often in our thoughts and I should like the opportunity when the fall is over to see you and tell you a little of the progress we feel has been made this year. We are sure your article will add to it.

With warm regards, I am,

Very truly yours,

Allen T. Burns
