Dear Miss Tarbell:

Sorry to hear of your sister's illness - We are all of us more or less "under" the spell of Grip at this time - I began to feel it this morning. Sincerely hope you are well and not tired out - I wish my mind that I could be of personal service at any time and that you would call upon me for any such service. A man sometimes can break into some problem "where angels fear to tread". It has happened that the temporary cessation of lessons was timely for me as I have been overwhelmed by my school duties. Glad to review whom you write - faithfully yours
