The Allegheny College Chamber Music Series will begin on Sunday, November 4. The first concert in a series of three will feature Burton Fine, violinist, and the Lerch String Quartet, which will perform the String Quartet in A major by Beethoven. The second concert will feature the Franck String Quartet. The third and final concert will include guest artists: Druckerman, violin; and two guest artists: Burton Fine, violinist; and the Lerch String Quartet. All concerts will be held in the Memorial Chapel and will begin at 3:30 p.m.

The series will be open to the public, and admission will be free.

Dutch-born “Mime” Appears Nov. 8

Frans Reynders, the outstanding Dutch-born “mime,” will appear in Ford Chapel for a performance on November 8 at 8:45 p.m.

Outside of the administration and faculty, it is the students, rather than the alumni or general public, who are most sensitive to the change, many feel. In recent years it has been possible for students during just their four years in college to see profound changes occur in the structure of Allegheny, in addition to expansion of the physical plant: they have been able to watch departments improve greatly as top faculty members were added; to see far-reaching changes made in the curriculum; and to greet incoming classes in a better atmosphere than the ones before.

And yet what disturbs many students is to see good high school seniors pass up Allegheny because they don't know much about it. What disturbs many more graduates who leave western Pennsylvania is to see their alma mater's reputation or “public image,” a known to man. It requires years of training to bring out the delicate humor, wit and poignant illusion which the mime seeks to portray.

Since becoming an American citizen, Reynders has been a free-lance teacher of another great performer, teacher of another great performer, teacher of another great performer, teacher of another great performer.

Exemption tests for Graduate students will be given on Saturday, November 24, at 2:00 p.m., in Quigley Hall. If you wish to take one of these tests, please register in Dr. Ross's office by November 15.

National Reputation Nears For Allegheny

When the post-war boom hit American colleges, Allegheny already had a solid regional reputation and was on its way toward a national reputation.

A national reputation is actually essential for the private liberal arts college. For 126 Scholars

The prime concern of the administration, then, has been attracting the best students and persons in education circles to Allegheny because they don't know much about it. What disturbs many more graduates who leave western Pennsylvania is to see their alma mater's reputation or “public image,” a known to man. It requires years of training to bring out the delicate humor, wit and poignant illusion which the mime seeks to portray.

EDITORIAL

In this time of cold war tension, heightened in the past year by the Cuban Crisis, all Americans must give full support to the President in his stand to stop Communist aggression. The mood of the nation as a whole, as they have done in past crises, carry out any instructions — including personal sacrifices — that the President may deem necessary to all the nation and the free world against the threat of Communist world conquest.

It is, in addition, our duty to retain our responsibility to vote for the men who will do the best job — to vote for local, state and national legislators. The Campus feels that after eight years of Democratic control, Pennsylvania needs a complete change.

Disagree with us if you will, but if you are of voting age, use your right to vote and stand behind our country in this time of peril.

ON CAMPUS... YESTERDAY

Ohio Tends Back To Conservatism

By ARTHUR RUBINOFF
National and International correspondent

After a careful study of the forthcoming statewide election, the Republican candidate for governor, Robert A. Taft, Jr., indicates that he is convinced that the state legislature will return to conserva-tion. He believes that the legislature will be under the control of the Republican party, which has a majority of 450,000. Immediately after entering office, DiSalle em-barked upon a program of legislative reform in the area of education, health, and highways. To en-sure this pervasive advance, larger tax increases were adopted, and the Democratic party was defeated at the polls by the Republican party. Under criticism from many in his own state, Governor Lausche, in the event of a scandal, the governor announced that he would not seek re-election in 1962. This spring he changed his mind and indirectly took At- torney General J. James Reynolds and the state auditor by a impressive 700,000 votes two years ago.

In the past, Republicans have not campaigned aggressively in order to avoid embarrassing their oppo-nents, as the Democratic party has. DiSalle is not campaigning like an incumbent, according to a sources in his camp. He, in fact, has stumped the state's 88 counties vigorously.

Ohio's top vote getter, Democrat Frank L. Lausche, the state sen-aor, is being challenged by a po-pularly known candidate, Richard D. Kennedy. Lausche ran in the primary election, but in the coming election he will be running against the candidate in the presidential election, Richard D. Kennedy for congressman-at-large. Taft had an out-standing record in the state assembly where he was born and raised. He is closely identified with his father, the late great senator.

His opponent sought through a series of highly publicized campaign activities. Since he is against civil rights in public schools, he has been labeled as an antidemocrat. DiSalle has repudiated his endorsement for fear of alienating the state's Nega voters. But DiSalle has changed his mind and indicated his support for the state's Democratic candidates. He has also endorsed his ticket to be a mere formality.

The race with the most bearing on the future contest Republican President-elect Kennedy and Robert A. Taft, Jr. The state Democratic party is trying to re-instate its old-year's role in the state's political life and in the Republican party. The Republican party is expected to do well in the state assembly, but the state's conservative leadership will be the real victor.

During a debate on television, Kennedy and Taft agreed on the importance of the state's economic growth, tourism, and highway construction. Kennedy indicated that he would support the state's efforts to attract new industries to the state. Taft, on the other hand, indicated that he would support the state's efforts to retain its traditional industries. They both agreed on the importance of education, health, and highways. The race is expected to be close, but Kennedy is expected to win.

Mr. Kidw Works As Senatorial Aide During 8-Month Sabbatical Leave

Entering into the arena of na-tional politics, Mr. Alton Kidw, a student in the political science department, assumed the position of legislative assistant to Senator Wayne Morse.

Taking his sabbatical leave in order to learn more about the in-ternal workings of the Senate, Mr. Kidw served as the Senate's helper in various capacities. He worked closely with the staff members of the Senate and helped in the preparation of legislation.

A hardworking student, Mr. Kidw had previously served as a student assistant in the political science department. He has a deep knowledge of the political process and has a strong interest in public service.

Mr. Kidw observed and sat in on many strategy planning ses-sions held by the two leaders. It was during these meetings that he became aware of the complexity of the political process and the challenges faced by public servants.

Background of Candidates

It is interesting to note that a

IFC COURT

New members of the IFC Court are: student members—Glenn Stroh, presi-dent; Dale Colby, sec-rety; Dennis Fleming, treasurer; Larry Grosshans, executive vice presi-dent; and President P. F. Kennedy, who will be the chairman of the board. The IFC Court is responsible for the operation of the inter-fraternity council.

Mr. Kidw has been an active participant in the political process and has a strong commitment to public service. He is a promising young leader and has a promising future in politics.

Rochester Hands Gator Gridders 13-9 Setback

By JOE ZACCARI

Rochester's defensive front blunted the Gator booters in its second meeting of the season Saturday afternoon. The Gators took their third loss in the current season 13-9 at the hands of the Yellow Jackets.

SEEDLEY'S SWEEPEND END — Gator senior halfback, Bill Seedly, is on his way to a short gain after eluding one tackler during the second half of Saturday afternoon's game. The Gators took their third loss in the current season 13-9 at the hands of the Yellow Jackets.

Harriers Lengthen Wins

The Allegheny harriers added two more wins to their record last Tuesday, downing Thiel College 28 to 24, and W&J 21 to 39. Though it was a tri-meet, the encounter was actually scored as two separate meets, Allegheny vs Thiel and Allegheny vs W&J.

In the Thiel-Allegheny clash the Gators took third, fourth, sixth, seventh and eighth, as Jim Brain, Bob Willson, Tom Bierly, Harry Elkin and Bill Bensa respectively were conditioned by Thiel's Bill Wise, rounding the four mile course in 24:31 minutes. John Stanfield's ninth and Bob Edwards' tenth were an indication of Allegheny's overall strength.

Allegheny vs W&J went the same way, as Jim Brain came through in 24.08 minutes with Bob Willson, second, Tom Bierly, Harry Elkin seventh and Bill Bensa eighth.

ICF Intemural Rules

Men on probation and social members are allowed to play intramural sports. "Social members" at Allegheny are men who have had previous affiliation with another national fraternity and who pay dues to that local house where he is a social member.

FULLY Air Conditioned

Allegeny Faces Bethany Tomorrow

By Joe Zaccari

Campus Sports Writer

Allegheny's booters were handed their second straight defeat and their first home loss in two years as they dropped a hard-fought, led decision to Rochester University.

The Gators' last loss at Robertson Field occurred in 1960 when they upset them 16-14. Rochester did not begin to move until late in the second quarter after Stony Tracy had put the Gators ahead with a 28 yard field goal.

Dave Wormath, Yellow Jacket quarterback, was the key man in the drive as he hit on five pass attempts. Mixing his passes beauti-

FULLY Air Conditioned

fully with the running of full-back Earl Thomas, Wormath moved his team to the Gator two-yard line in 12 plays. Earl Marsh then charged over into the end zone, standing up on the fourth down play.

Wormath's pass completions came in key situations when it ap-

peced that the Gator defense had failed to stop his attack. He completed a 32-yarder on a third down and four play at the Rochester 31. Another third down pass netted the Jackets a first down, this time at the Gator 45. Then, with a fourth and six at the Allegheny 26, Wormath com-

pleted a pass good for 16 yards on the ten.

A break led directly to Rochester's drive across Allegheny lines. Nery threw three touchdown passes, but Seedyke had just crossed out a safety on the play.

The Gators had yet to win their first game either in or out of the P.A.C. and they are mired in the bottom of the standings. Case is on top of the P.A.C. with a two

and zero record, while Western Re-
uers is one and one for second place. Victories over Case and Res-

Gator Booters Bow to Hiram Team 4-3

Second game was a decisive de-

feat at the beginning of the season, the Allegheny booters meet Case Institute of Technology this Saturday on the Gator home field at 1:30 p.m.

A muddy field and a tired defense were the deciding factors in the Al-

legheny 4-3 loss at the hands of Hiram last week.

The Gators jumped out to an early 14-3 lead in the first period as Bob Barnsollar scored his first of three goals. The Allegheny defense, slowed down by the mud and snow, had a rough time, and before they knew it they were behind 4-1 at halftime. Rochester scored twice in the second period and two more times in the last period. All Hiram's goals came on close shots to the goal.

Two goals by Barnsollar and the Gators were back in the game, down 4-3, but it was too late.

The Hiram contest was rough and there were many fouls called for pushing and illegal use of the hands. Despite the weather condi-
tions the Gating's passing in the front line improved and they were

working on ball control, passing and trapping this week in practice

preparing for the Case game.

The game with Case will be Alle-

geny's third P.A.C. meet. They

had two second game to Western Reserve four to two, and they

will have a chance to avenge this loss next Saturday, 3:30 p.m., again on

their home field.

The Gators have yet to win their first game either in or out of the P.A.C. and they are mired in the bottom of the standings. Case is on top of the P.A.C. with a two

and zero record, while Western Re-
uers is one and one for second place. Victories over Case and Res-

ters. Here a Seedyke fumble was picked up by Terry Rollins of Rochester and the threat died.

Early in the second period the Gators drove again. They moved to the 50 yard line and were presented with a key pass play where a false start penalty was called back, Tracy then kicked his field goal to give the Gators a 3-0 lead. The Gators now stand 1-3 for the season. They will play Bethany in a P.A.C game Saturday at Beth-

deny. Bethany is 3-1 in the confer-
rance. Their games are with the Gators are 1-1. John Carroll has all but sewn up the conference title, so the battle Saturday will be for second place.

The Allegheny Campus, Friday, November 2, 1962 — 5
the Socialist, Communist, Labor and Liberal, and the attitude on communism in general. The first was to show that the students here were behind Dr. Castro's attack on imperialism, and the second was to help Liberals in Latin America and to declare that they were entirely uncompromising with the policies of the United States for help in destroying that attempt. Their second aim was to raise money for the relief of the Cuban people by selling pro-Castro literature.

The mood of the activities during the week was distinctly anti-American. There was a considerable amount of bitterness directed at the United States in general, and at the attitude of the United States toward Latin America, in particular. It was apparent that many of the students were very much disillusioned with the policies of the United States toward Latin America, and that they felt there was no basis for the claim that the United States was acting in the interests of the Latin American people.

In order to determine this, it is necessary to determine the attitude of the students on communism in general. What is most obvious in this attitude is that a certain objectivity gained from a comparison of the socialist and communist theories. He does not consider their theories merely as an attempt to build a socialist paradise. Instead, he considers them as an effort on the part of Manchester and Marxist Societies, and Arab Societies, to raise money for the relief of the Cuban people, and to explain their theories to the world. This was obviously the motive force behind these activities.
