4th Avenue & 23rd St.,  
New York City.

Dear Miss Tarbell:-

A matter has just occurred to me which may be of some interest to you, in connection with your work, as it most certainly is with me. If you are in New York or nearby kindly advise me and perhaps you will give me an appointment, which I will do my best to keep.

I spend much of my time in England, we having a flourishing branch of our business in London, and will return to the other side early in September.

Very truly yours,

Joseph Fels
