Miss Ida M. Tarbell
New York City, N. Y.

Dear Miss Tarbell:-

Answering yours of the 9th. I am sure that your article will be most interesting, and I look forward to seeing it with great deal of anticipation and pleasure.

Speaking of a return visit to our plants, I know every member of the Company will join me in saying that you will be most heartily welcome, and we shall enjoy having you spend as much time with us as you can spare from your regular work. I hope I may have the pleasure of seeing you at that time.

Very truly yours

H. Johnson
