Dear Mr. Duff:

Thank you for what you say in your column about my humble self. And thank you for recalling my visit to Ashland in 1925. I did not suppose anybody remembered it but myself. I remember it very well, indeed, particularly going out to the College.

How it does enrich life to recall experiences of this sort. You were kind to me at Ashland and I have always remembered my visit there.

All this makes your congratulations the more welcome.

Very sincerely yours

Mr. William A. Duff
