Dear Miss. Tarbell;

Remembering your request for anything in writing that would be of interest to you we enclose herewith copy of a letter received by the Company from Endicott Johnson Workers in appreciation, following the voluntary giving of the eight hour day and it occurred to the writer you would be glad to read their expression of good will. Thousands of additional names would have been added to this list had the paper been passed through the Works.

I trust you arrived home feeling well after your rather strenuous visit here and that you may find it convenient to stop again in the Summer Season when the various activities we tried to explain are all in motion. At such a time we believe your visit would be well worth while.

Very truly yours

*Geo. W. Johnson*
