Dear Mrs. Drouét:

I am to be out of town most of October as I think I told you when we had our talk the other day. However, as far as I know now I will be here on the 8th of November and will do the ten minutes broadcast you want at 3:30 using the facts you sent me as a basis.

I shall of course rewrite the article to sound a little more like me. I suppose that is all right.

Very sincerely
