Dear Miss Tarbell:

girls

When I wrote you in April about the Employees' Industrial Partnership plan proposed by the Works Committee, definite approval of it had not been given by the Managerial Industrial Partners. We later placed the proposal before the latter group with the result that replies have been received from 335 (all on this side of the world) of the 355 Partners, all of whom are enthusiastic in favoring the adoption of the plan. It is therefore now in operation and the eligible Employee Partners will participate next March for the first time.

Very sincerely,

Henry S. Dennison

Miss Ida M. Tarbell.
