my dear Mr. Carroll:

I am sorry to have been so long in replying to your letter of January fifth with the biographical sketch from the Titusville Daily Herald enclosed.

do not

I remember the High School episode which you recount. I am glad if you were punished by being made to sit beside me it made you like me. You seem to have had a varied and exciting career and to have left behind you useful enterprises. That is something worthwhile, something worth remembering, and I am glad to hear your story.

You ask that the article be sent back to you. It goes herewith. As for your letter I am very glad to file it with my records of Titusville days.

With all good wishes

Very sincerely yours

Mr. Ralph W. Carroll
