My dear Miss Tarbell:

I do envy you the warm sunny days of Arizona, especially so as I'm just recovering from grippe. Really, New York seems to be the city of the plague this winter .

The middle of March is perfectly satisfactory for delivery of the Mrs. Roosevelt interview - if I can restrain my curiosity as long as that.

If you should dig up some good "lead" for an article in Arizona by all means send me a little outline of the idea and perhaps we can use it. We try very hard here to get articles and stories from all parts of the country. We don't want simply to be New-York-minded.

Miss Carroll joins me in the best of wishes for your health and happiness.

Very sincerely yours,

Oscar Graeve  
Editor

P. S. I'm sending you a copy of our March issue and I wish you'd make a little study of it and send me any criticisms you may have. I'd like you to consider yourself one of our editorial staff.
