Mr. H. N. Dowse,  
Dennison Manufacturing Co.,  
Framingham, Mass.

My dear Mr. Dowse:

I am sorry there was so long a delay in replying to your letter of August 17. I have been away from New York. I suppose that, because of my tardiness, you have gone ahead with the title.

No doubt you are right in thinking that "The Old Girls" might be irritating to some of them, though I myself like the title. Of those which you suggest, "The Brunswick Book" or "Old Brunswick Days" seem to me the best - I think I prefer "Old Brunswick Days."

Of course I shall be glad to autograph the master copy. Kindly indicate clearly where you want me to write. I shall be most interested in seeing the book.

Very truly yours,
