Dear Mrs. Drouet:

I have received the enclosed letter from Mr. Pollard of Antioch College. He seems to think there possibly may be scholarships available through the Foundation for students at Antioch. I have seen no statement that would make me think so. Will you not tell me what to tell him?

I have had several letters, but have sent them on to your office not feeling competent to answer them myself.

I hope everything is going swimmingly at the Foundation.

Very sincerely yours
