My dear Dr. Tarbell

I greatly enjoyed your visit with us this week and I hope that you were able to get the atmosphere and background you desire.

Since a local newspaper published the fact of your visit, and also that you were visiting Dr. Johnson and myself, it will be necessary to keep this fact in mind in writing your article, otherwise any reference to the background preceding Albany might be immediately pinned on us. I know that you will take care of this in your own skilfull way.

Yours very truly

Chancellor
