Dear Mr. Dennison:

I want very much to get hold of that paper that you read at Williamstown. I would like to see how you propose to manage these United States so that it will escape ~~chronic~~ slumps. It is a big job but I have always put you down as a wise and resourceful man.

It is a long time since I have seen you. I should like very much to have a talk with you one of these days. If you are ever in New York and have a little leisure will you not give me a ring? Otherwise I shall be ascending upon you in Framingham.

With all good wishes, believe me

Cordially yours
