

November 25, 1935

Dear Mr. Bestor:

Some little time ago your father called my attention to the collection of Chautauqua publications to be found in the Sterling Library at Yale and was good enough to say that in case I wanted to spend a little time on these publications you would, he was sure, make it possible for me to be received. Now, I am wanting very much to go over the files of *The Chautauquan* for the '80's, as well as the *Assembly Herald* for the same decade. I could go to New Haven sometime between the fifteenth and twenty first of December, probably the eighteenth or nineteenth, although at the moment I cannot be quite sure. Could you without too much trouble arrange that I have a corner in the library for a day's work. I shall greatly appreciate it.

Very sincerely yours

Mr. Arthur Bestor, Jr.
Yale University
New Haven, Conn.
