Dear Mr. Garrett:

Thank you for the trouble you have taken in sending me the group photograph which according to your mother I am "the little girl." I shall appreciate it if you can find out from your mother whereabouts in Rouseville this house stood and if she knows the names of the other members of the group. There is no one I recognize. Naturally I do not recognize myself if it be I! It was thoughtful of you to send the picture - I am really interested and would like to know more of it.

With kind regards
to your mother, believe me

Very sincerely yours
