HARTFORD

April 17th, 1941

Miss Ida Tarbell  
Easton  
Connecticut

My dear Miss Tarbell:

I have asked the librarian to send you some material and am sending this pamphlet of mine entitled "The Public Health Nurse" which might be helpful. We will send the annual reports which include reports of public health nursing in Connecticut early next week.

I am gathering material as time permits and fully appreciate the effort you are making.

Very sincerely yours,

*Helen M. Giles*
