

July 30, 1935

My dear Mr. Wagoner:

Thank you for your prompt reply to my inquiry.

I am sorry to learn of Mr. Hammond's death. I hope that someone will be found to revise and complete for publication his history of the General Electric.

And may I trouble you for just one further bit of information - the year in which that first turbine was turned out. I should like to state it in the note I am making from your information.

Very truly yours

Ida M. Tarbell
Z
