Hardin

March 15, 1932

My dear Miss Hardin:

I have your note of March Seventh asking my help in the debate on whether or no women should be given the right to hold major offices in Oklahoma. If I were debating the question, either affirmative or negative, I should study the records of women who have already filled offices in Oklahoma and prove if I could that they had shown themselves *fit or* unfit for high positions.

Hoping that you will distinguish yourself in the debate, believe me

Very truly yours
