Miss Ida M. Tarbell,

Chautauqua Company,
Portland, Oregon,

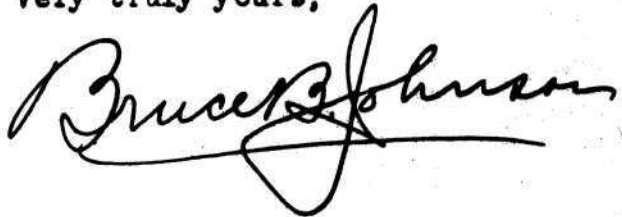

My dear Miss Tarbell:

I do not wish to intrude myself unduly upon your good nature. But I submit herewith a revised and clarified version of my plan of corporate organization, as it applies to the railroad problem. You expressed an interest which I hope is not diminished, and I sincerely hope the plan may prove valuable to you.

I am submitting this same paper to the President, Mr. Hines, Mr. Gompers, and our Senator, Mr. T.J. Walsh, in the hope that they may see merit in it. I am still further planning to write it in form suitable for magazine readers, expecting to submit it to the Review of Reviews and the American, and possibly some others if these reject it.

Let me thank you again for your kindly interest in the matter. Call upon me if you may need any further details in regard to it.

Very truly yours,

Encl.
BBJ.
