

FLORENCE L. CODING

536 Second Street Brooklyn, New York

Dearest Miss Lathell,

You
will be receiving
two of written words
to-day to tell you
how much you have
added to many lives

for having been yourself.
I count it one of
the very great privileges
of my life that I
should have known
you. Because you
represent to me the
tangible evidence of
all the human
qualities I most prize
and admire —

So here is my deep
affection on this
your birthday.
Your devoted distant
(on the records) Cousin,
Florence
