

THE BARCELONA HOTEL

ST. AUGUSTINE, FLORIDA

Feb 17 1926

My dear Miss Parkell

I want to thank you
for your readiness to correct
the Jones title.

There are always those who
try to make themselves
important by speaking in
familiar terms of hotel
men but to say "Bill"
proves that they never knew
him.

As those he grew up
with he was "Bill" and they
spoke of him as "Bill Jones"
so he was known at
J's mustan and as his
reputation got started it got
to be "W. R. Jones" & then
"Captain Jones". It was
"Bill" & "Cady" between them

It was "Captain" in the
works & offices but between
him & the skilled men
he brought from Johnston
it was "Jones".

Schwab
knew how to play each
& the pieces and ingratiate
himself so that the Captains
spoke of him as being a
"damned nice boy" and
gave him his start.

The term "Captain of
Industry" followed Jones'
appropriate leadership.

I will set together the
old captain's history and send
it to you some day. A number
of you come to Cleveland
& will call up Eddy 9302
I will come to see you
Very Truly
J. H. [Signature]
