Dear Miss Tarbell:

In looking over a list the other day of members of the Charity Organization Society who had lapsed, I ran across your name. It inspired this note to you for we in the Society are all in agreement that we would like to keep you as a part of the C.O.S.

I hope when it is convenient you may want to renew your membership. Meantime may I express my thanks for the many kind things you have done for the Society in the past and tell you how much your interest has been valued.

With kind personal regards, I am

Sincerely,

Walter S. Gifford  
President

New York Charity Organization Society

P.S. My best wishes to you on  
your 80<sup>th</sup> birthday, which I  
understand is Friday -
