Dear Miss Kuhn:

Thank you for sending me the notes so promptly. Could you give me the address of that down town speakeasy for those of the financial district. If it is still running I shall try to get by the door; unless it is I should not want to mention it.

I think on second thought I shall preserve the home speakeasy - it broadens the field and is quite as serious a matter, possibly more serious since it affects so large a number of children, as the home bar.

I was glad you came to see me yesterday - I hope you will drop in again.

Very sincerely

Miss Irene Kuhn
