Dear Miss Tarbell:

My delay in writing has been due to the fact that I wanted to get in touch with Mr. Nevins before communicating with you. A letter from him this morning says that he will send the completed MS. to me "within a few weeks," also that he will lend a carbon copy of it to you. I trust this will be in good time for your purposes.

I continue to treasure in my memory the delightful Sunday morning which I spent as your guest.

Sincerely yours

A. M. Schlesinger
