

Alice Hegan Rice

44/2) n.d.

Dear Julie:

We will take one
of the rooms at the
Club if it is available.
You can drop us a
line on the 6th, and
we will get it on the
7th, the day before we
leave.

We want to see you
even so much and we
love you lots even if
you do forget us some
time!

You should have
heard me discussing

suffrage with Mrs. Finch!
It was really one of
the most amusing
conversations I ever
took part in! She
was fighting a straw
lady and had to set
her up again in order
to knock her down.
But she seemed to be
amused, and I know I
was!

Yours always

Oliver -
