Dear Mr. Robertson:

I have been slow in answering your letter telling me of the Bronze Medal the college was to give me at Commencement and which I did receive as you notified me I would, through the Alumni Committee - Mr. Mills and Mr. Sturtevant.

I have not written you before because whenever I tried to write I seemed to be too overcome to be coherent.

I never had an honor which I prize so much... Coming as this does with expressions of affection and regard from you and Dr. Tolley and other friends it moves me deeply.

I have never done anything to deserve it and I fear it is too late now to make up for that slack.

For your part in the Award I thank you with all my heart.

Faithfully yours
