Dear Mr. Ross:

Could we not carry out the following program in regard to the Chrysler article?

First - you give me the interview at once. Second - I go to Detroit and see the institution in operation, visit the classes, etc. Third, when Mr. Braer, Mr. Zeder and Mr. Keller are again within reach then I talk with them on the basis of what I have gathered. Would this not be a much more intelligent plan and one we could put through more promptly.

Very truly yours
